

Grade 9 Lab Notebook

Science in Action 9

Index of Investigations, Challenges and Activities

Biological Diversity

Investigations	Activity	Title	Page Ref.
Skill Practice		Exploring Wolf Population Trends	6
1.0 Biological Diversity is Reflected in the Variety of Life on the Earth			
Give It A Try		Trekking Through Alberta's Landscape	10
Skill Practice		Representing Data	13
Problem Solving	A-1	Representing Biological Diversity	14
QuickLAB		Searching for Symbiosis	18
Skill Practice		Measuring Variation in the Human Hand	21
Inquiry	A-2	Protective Coloration and Survival	22-23
2.0 As Species Reproduce, Characteristics are passed from parents to offspring			
Give It A Try		Observing Variation in Human Characteristics	27
Give It A Try		Is It Discrete or Continuous?	29
Skill Practice		Representing Asexual Reproduction	31
Inquiry	A-3	Investigating Flower Reproductive Structures	34
3.0 DNA is the inherited material responsible for variation			
Give It A Try		Superdogs	39
Decision Making	A-4	Useful Genes?	42
Problem Solving	A-5	Showing The Relationships	44
Give It A Try		Who Has What Number?	48
Give It A Try		Exploring Genetic Possibilities	52
4.0 Human Activity Affects Biological Diversity			
Give It A Try		Choices In Our World	57
Decision Making	A-6	Balancing Act	63
Experiment on your Own	A-7	Changes in Biological Diversity	64
Decision Making	A-8	Salmon Fishing and Variability	70
Decision Making	A-9	Saving The Whooping Crane	77
Give It A Try		Do You Affect Biological Diversity?	78
SCIENCE WORLD			
Case Study Issue		Zoos and Biological Diversity	81
Project			
End of Unit Project		Maintaining Local Biological Diversity	82-83
