Index of Investigations, Challenges and Activities

Light and Optical Systems

Investigations	Activity	Title	Page Ref.
Give It A Try		Twisted Rays	175
1.0 The environment is made up of chemicals that can support or harm living things.			
Inquiry	C-1	Light Up Your Life	178-179
Inquiry	C-2	Make A Pinhole Camera	185
2.0 The quantity of chemicals in the environment can be monitored.			
Give It A Try		Pencil Shadows	189
Inquiry	C-3	Light Reflection	192
Give It A Try		Which Side Is Which?	194
Inquiry	C-4	The Law Of Reflection	195
Give It A Try		Concave Mirror Images	198
Inquiry	C-5	From Air To Solids	202
Inquiry	C-6	Checking Out images	206
Experiment on your Own	C-7	Lens Switch-A-Roo	209
3.0 Light is part of the electromagnetic spectrum and travels in waves			
Give It A Try		What Is White Light Made Of?	214
Give It A Try		Give It A Glow	219
Try This at Home		The Look Of Light	223
Inquiry	C-8	Comparing Different Types Of Light Bulbs	224
4.0 Eyes and cameras capture images using the properties of light			
Give It A Try		Where's Your Blind Spot?	233
Give It A Try		Image Quality, Pixel by Pixel	242
SCIENCE WORLD			
Case Study Issue		Optics In Space	246
Project			
End of Unit Project		Light Rays Through Liquids	248
